POWER OF ATTORNEY, AND PETITION

As a below named inventor, I hereby declare that:  
my residence, post office address, and citizenship are as stated below next to my  
name;

I verily believe that I am the original and first inventor of the subject matter that is

Polyamide Polymer Resins** described and claimed in the attached specification, that I hereby state  
that I have reviewed and understand the contents of the specification, including the claims;

That this application in part discloses and claims subject matter disclosed in an earlier  
filed application, Serial No. 09/662,579 filed September 14, 2000, that, as to the subject matter of  
this application which is common to said earlier application, I do not know and do not believe that  
the same was ever known or used in the United States before my invention or discovery thereof, or  
patented or described in any printed publication in any country before said invention or discovery  
thereof for more than one year prior to said earlier application, or in public use or on sale in the  
United States more than one year prior to said earlier application; that said common subject matter  
has not been patented before the date of said earlier application or made the subject of an inventor's  
certificate in any country foreign to the United States on an application filed by me or my legal  
representatives or assigns more than twelve months prior to the filing of said earlier application; and  
that no application for patent or inventor's certificate on the said common subject matter has been  
filed by me or my representatives or assigns in any country foreign to the United States;

That, as to the subject matter of this application which is not common to said earlier

in any country before said invention or discovery thereof for more than one year prior to this  
application, or in public use or on sale in the United States for more than one year prior to this  
application; that said subject matter has not been patented or made the subject of an inventor's  
certificate in any country foreign to the United States on an application filed by me or my legal  
representatives or assigns more than twelve months prior to this application, and that no application  
for patent or inventor's certificate on this invention or discovery has been filed by me or my  
representatives or assigns in any country foreign to the United States;

That I hereby claim the benefit, under Title 35, United States Code, § 120, of U.S.

each of the claims of this application is not disclosed in U.S. application Serial No. 09/662,579 in the  
manner provided by the first paragraph of Title 35, United States Code, § 112, I acknowledge my  
duty to disclose information of which I am aware, which is material to patentability as defined in 37,  
Code of Federal Regulations, § 1.56, and which is material to the examination of this application,

namely, information where there is substantial likelihood that a reasonable Examiner would consider it important in deciding whether to allow the application to issue as a patent, that occurred between the filing date of the earlier U.S. application Serial No. 09/662,579 and the filing date of this application.
